

GREECE DECLINES OFFER OF ALLIES

Lengthy Reply of Hellenic Kingdom Reaches Brit- ish Foreign Office

SITUATION IS SERIOUS

Austro-German Center is Ad- vancing Down the Morava Valley from Semendria

RUSS DELIVER FIERCE STRIKES

LONDON, Oct. 22.—Greece has declined for the present the allies' offer to her of Cyprus and other concessions, territorial and financial, in return for her assistance to the Serbo-Greek treaty of alliance, which would mean her military aid to assist in meeting the Bulgarian and Austro-German attacks against her former ally.

Reply to Offer is Lengthy.

The reply of Greece to the offer, which reached the foreign office to-night is a lengthy one and while it has not been made public there is reason to believe the Hellenic kingdom bases its decision not to join the allies on the ground that the Anglo-French force landed at Saloniki is not in the Greek government's opinion, strong enough for the task allotted it.

The refusal to accept the allies' offer was not unexpected, as it has been often stated in official circles that both Roumania and Greece were withholding their assistance until the allies either won a decisive victory or proved to the Greeks and Roumanians their ability to do so or until the operations had reached a stage which would assure them that their countries would not be overrun by the forces of the Central powers and their Turkish and Balkan allies. There is no inclination here or in the capitals of other members of the quadruple entente powers to minimize the seriousness of the situation of Serbia.

Campaign is Developing Slowly.

The Austro-German and Bulgarian campaign is developing slowly, but the plans are now fairly clear. The Austro-German center is advancing down the Morava valley from Semendria, while the Bulgarians have got across this valley to the south and command the Belgrade-Nish-Saloniki railway. The Austro-Germans have three other forces engaged, one in the northwest near Shabatz, one at Belgrade and the third, which has not yet crossed the Danube, about Orsova.

The Bulgars also have other armies moving across the frontier, near Zaitar, Piro and Nish and further south, near Novi Palanka and Kohen and claim to be already in Veleze on the Vardar river. It is this latter force the Anglo-French troops landed at Saloniki probably will first encounter.

On the other fronts the operations are considered to be more favorable for the allies.

Russ Deliver Fierce Strikes.

The Russians taking advantage of the removal of German troops from other points on the front to reinforce Field Marshal Von Hindenburg for his drive at Riga, which seems to have been checked, have been delivering some fierce strikes at the German front at Sty and Galicia.

In all these they have had at least initial successes.

The latest offensive by the Russians was assumed north of Turnopol where the carrying of Austro-German positions gave the Russian soldiers nearly 8,000 prisoners, two howitzers and a number of machine guns. These prisoners make a total of over 11,000 Austrians and Germans captured in two days.

The Germans on the other hand, claim their counter-attacks, both on the Sty and at Baranovichi, were successful and, according to the Berlin official communication the Russians taken prisoners totalled upward of 4,000.

In the west another German attack according to French accounts had been repulsed in Artois while a contemplated attack in Champagne was prevented by the French artillery.

Italians Continue Offensive.

The Italians continue their offensive in Tyrol and Trentino where it is progressing and along the Isonzo. No advance is reported in the latter region.

During the week ending Oct. 20, only one British steamer, the Salerno, was sunk by a German submarine. This is the lowest record in British ships sunk for months. Unofficial reports say the British submarines have added three more ships to their bag in the Baltic during the last 24 hours.

Some mystery surrounds the sinking at Hamburg by the Germans of three British steamers which have been interned there since the beginning of the war. They were all small vessels.

Bush Is Expelled From the Illinois Labor Federation

Publisher Was Only Aspir- ant Who Had Qualified as Candidate for President

MADE GRAFT CHARGES

ALTON, Ill., Oct. 22.—W. S. Bush, of Peoria, Ill., publisher of the Labor Gazette and the only aspirant who already had qualified as a candidate for president of the Illinois State Federation of Labor, now in convention here, was expelled from the federation by a vote of 446 to 5 today.

Bush, who had left Alton after a tilt with Secretary Olander Wednesday, appeared before the convention in compliance with a resolution calling upon him to substantiate "graft" charges he had made against President John H. Walker of Chicago.

He submitted no verbal or documentary evidence in his own behalf nor did he attempt to explain the publication of articles in his journal accusing Walker of ulterior motives in establishing a chain of co-operative stores in Illinois.

His only plea, voiced by Edwin R. Wright of Chicago, former president of the Federation was for committee to sift the controversy and now determine its merits. Walker, who previously had resigned the chair to Matthew Wolf of Chicago, opposed the appointment of a committee and asked the convention as a whole to "try" the case. This was voted by the delegates and Bush's expulsion followed.

GERMANS MADE EFFORTS TO ALLEViate ALLEGED ATROCITIES

WASHINGTON, Oct. 22.—Confidential advice received today by the state department said the German government officially made efforts to alleviate alleged atrocities upon Armenians in Turkey but that Turkish officials apparently displayed lack of interest in such endeavors.

Representations were made by the United States through Ambassador Morgenthau at Constantinople some time ago, warning Turkey that continued persecution of Armenians would alienate the friendship of the American people.

A number of dispatches on the subject have been received from Ambassador Morgenthau but there has been no announcement of a definite answer from the Ottoman government.

FORMER GOVERNOR FOSS IS HELD TO GRAND JURY FOR CRIMINAL LIBEL

BOSTON, Oct. 22.—Probable cause was found today against former Governor Eugene N. Foss in an action for criminal libel brought against him by Daniels D. Driscoll, a labor leader. Foss was held for the grand jury in \$100 bail.

Driscoll, who is Secretary of the Trades Union Liberty league alleged that Foss asserted in a recent campaign speech that while he was governor, Driscoll sought to be appointed prison commissioner and promised in return to call off a strike then in progress in factories owned or controlled by Foss.

DESTROY FIFTEEN THOUSAND GALLONS OF TOMATO PULP

DANVILLE, Ill., Oct. 22.—About 15,000 gallons of tomato pulp consigned to the Gibson City Canning company, to be used in making catsup was destroyed today under order of the federal court.

The pulp was labelled by federal inspectors for not complying with the pure food law. The Gibson City company was held an innocent party in the matter.

LICENSE COMMITTEE PLACES PROPOSED ORDINANCE ON FILE

CHICAGO, Oct. 22.—By a vote of seven to six the license committee of the city council today placed on file the proposed ordinance taking from the mayor the power to revoke saloon licenses.

All the members of the committee opposed reporting the ordinance favorably. The vote to file, said to mean indefinite delay, was taken on the argument that it would be well to postpone action until it becomes apparent in what manner the mayor purposes to enforce his Sunday closing order.

DEMAND THAT PEORIA MAYOR CLOSE SALOONS

Peoria, Ill., Oct. 22.—A committee representing the law enforcement league and the ministerial association today demanded of Mayor Woodruff that he close Peoria saloons on Sunday in accordance with the state law. The mayor said he would submit a written reply within a week. There are 200 saloons in Peoria and they have run un molested on Sundays for over a score of years.

NAME KEARNEY PRESIDENT.

Indianapolis, Ind., Oct. 22.—Edward P. Kearney of St. Louis was elected president of the newly organized Wabash railway company and Winslow S. Pierce of New York, was elected chairman of its board of directors at a meeting here late today.

URGE PERMANENT DEFENSE COUNCIL

Speakers State Council Must Be Removed From Political Influence

NEED BIG RESERVE ARMY

Sen. Weeks States Reserve of 500,000 Men Needed and Navy Forces Should Be Bolstered

PREPAREDNESS IS NECESSARY

BOSTON, Oct. 22.—The establishment of a permanent council for National defense was urged by speakers at a meeting held tonight under the auspices of the National Security League.

Welsh and Weeks Advocate Idea.

Governor Welsh and United States Senator John W. Weeks, both of whom advocated the defense council idea, said its success could not be assured unless it were removed from political influence. The governor suggested that council consist of the president, secretaries of war and navy, the presidents of the war and the naval colleges, other heads of the military and the naval forces and the chairman of the ways and means, the military and the naval committees of congress.

Senator Weeks recommended that the council should be made up largely, if not almost entirely of officers of the army and navy, continued from one administration to another in such a way that a change would have no effect on its activities.

It was the opinion of Governor Welsh that those citizens who were frightened by the world "militarism" were needlessly alarmed because, he said, there could be no such word "in a country where the citizens are soldiers and the soldiers are citizens."

"So long as the Monroe Doctrine is an active, virile factor in our National policy," he continued, "we cannot longer deceive ourselves that a military policy is unnecessary."

Emphasizes Need of Reserve.

Senator Weeks emphasized the need of proper development of a great army reserve. Experience has shown, he said, that a regiment that started out with 1,000 men, at the end of six months has been depleted to 450. He said a reserve of 500,000 men was needed and that the navy forces should be bolstered in proportion.

President Richard C. MacLaurin of the Massachusetts Institute of Technology said:

"I can see little hope for civilization unless the peace loving nations of the world can bind themselves together and arm themselves with a stick big enough to keep the peace." President A. Lawrence Lowell of Harvard University, appearing, he said, as an advocate of peace, characterized as a bugbear "the fear that we should ever be a military people desiring conquest."

He thought preparedness was necessary to the safety of the country and that it would prove a preventative of war.

MAKE REPORT PUBLIC.

London, Oct. 22.—The British foreign office has made public the report of the Rev. H. S. T. Gahan the British chaplain in Brussels who visited Miss Edith Cavell just before her execution and a letter from Brand Whitlock, the American minister to Belgium to Walter Hines Page, the American ambassador in London. In his letter Mr. Whitlock says he requested that the body of Miss Cavell be delivered to the school for nurses of which she was the directress, his request being referred to the ministry of war in Berlin.

CHINESE PROVINCES ON VERGE OF REVOLUTION

Manila, Oct. 22.—The Chinese provinces of Kiangtung, Kwang-Si, and Hunan are on the verge of a revolution prepared by those opposed to the establishment of a monarchy, according to information received from a private source, which is believed to be reliable. It is stated that many arms recently have been smuggled into Canton.

KING ISSUES APPEAL.

London, Oct. 22.—King George has issued an appeal to his subjects to come forward voluntarily and aid Great Britain in her fight against the Germanic allies.

"More men and yet more," the monarch says, "are wanted to keep my armies in the field and through them to secure victory and an enduring peace."

TO ERECT MEMORIAL STATUE TO MISS CAVELL.

London, Oct. 23.—The Daily Telegraph with a donation of one thousand shillings (\$250) has started a fund to provide a memorial statue to Miss Edith Cavell. Sir George J. Frampton, the sculptor has promised to execute the statue as a labor of love.

TELEGRAPHIC BRIEFS

BALTIMORE, Md., Oct. 22.—Mrs. Norman Galt, Miss Helen Woodruff Jones and Mrs. Head of Dayton, O., came to Baltimore late today on a shopping expedition.

GALESBURG, Ill., Oct. 22.—The Athletic board of Knox college tonight decided to continue football despite the fatal accident to Bryan Scott at St. Louis last Saturday.

NEW HAVEN, Oct. 22.—Apart from business matters considered by the National Council of Congregationalist church today the delegate body took great interest in meetings, sectionally held, which were given over to reports on the work of laymen in the denomination.

ROME, via Paris, Oct. 22.—Persistent rumors are in circulation at the Vatican that Monsignor Donato Sbarretti, formerly of the apostolic delegation at Washington will be created a cardinal.

ATHENS, via London, Oct. 22.—It is officially announced that a bombardment of the Bulgarian coast from Dedegatch to Porto Lagos, a distance of 38 miles, was begun by the allied fleet yesterday.

SPRINGFIELD, Ill., Oct. 22.—Gov. Dunne appointed today the following to be members of the commission to investigate all pension laws heretofore enacted in Illinois: Prof. Henry L. Reitz, University of Illinois; George E. Hooker and John P. Dillon, Chicago.

CHICAGO, Oct. 22.—Mistaken for a non-union garment worker, Deputy Coroner Adolph Herrmann was attacked tonight by a crowd of alleged strikers and their sympathizers. Mary Herrmann, his sister, who came to his assistance, was pelted with stones.

SPRINGFIELD, Mo., Oct. 22.—Twenty-five carloads of horses, valued at \$100,000, left here tonight bound for Norfolk, Va., whence they will be shipped to the French army.

EVANSVILLE, Ind., Oct. 22.—Damage estimated at \$110,000 was caused by a fire which gutted a big warehouse here today. The cause of the fire has not been determined.

SPRINGFIELD, Ill., Oct. 22.—Gov. Dunne tonight accepted on behalf of the state the tattered banner carried by the Fifteenth Illinois Volunteer infantry through the Civil war. The flag formerly the property of the G. A. R., will be placed in the state museum.

BROCK KNOCKS OUT CHARLIE ARENSON IN THIRD ROUND

MINNEAPOLIS, Minn., Oct. 22.—"Silent" Martin of New York and Mike O'Dowd of St. Paul, welterweight, fought ten rounds to a draw tonight.

Matt Brock of Cleveland knocked out Charlie Arenson of Kansas City in the third round. Arenson was substituted at the last moment for Al Baldwin of Jacksonville who failed to get within the weight limit. The men are feather-weights.

Young Wallace of Milwaukee knocked out Paddy Kelly of St. Louis in the third round. The weight was 130.

WATCHING A PRESIDENT'S WOOLING.

Washington, Oct. 22.—Silent watchers behind gauzy curtains have had their eyes keenly levelled for many days at the White House in Twentieth street. Nearly every afternoon guests arrive from distant parts of the city to join the sitters and watchers who have enjoyed observing a President's wooling.

"The president is just like a school boy; he is heels over head in love," is the whisperal comment, when the chief executive steps from his motor car and advances to the Galt door. Attired faultlessly in frock coat, tall silk hat, razor-creased trousers, and gray gloves, he is the cynosure of all eyes on the street. The smile on his face shines out his youthful happiness, or his consciousness that a lot of gossips are watching every detail.

SEEKS TO SAVE LAKE LINES.

Washington, Oct. 22.—The petition of the Lehigh Valley R. R. for a rehearing on the question of its ownership of steamship lines on the great lakes will be argued tomorrow before the Interstate Commerce Commission. The arguments will be confined to the merits of the Lehigh case alone, based on the records now before the commission. The railroad was required to give up its ships by the commission's decision, which affected all rail carriers owning lake lines. The Lehigh contends that it differs greatly from the other carriers, and has been granted an opportunity to argue its case.

KIVLAT AND SMITH ON THE CARPET

New York, Oct. 22.—The investigation into the amateur status of Abel Kivlat of the Irish-American Athletic club, and Harry Smith of the Bronx Church house, will be resumed tomorrow by the registration committee of the Amateur Athletic Union. Charges affecting their standing as amateurs are being sifted.

KRAMER VS. O'DOWD.

Minneapolis, Minn., Oct. 22.—Bilby Kramer, who recently returned from Australia, will box Mike O'Dowd here tonight, for ten rounds, at 150 pounds.

TROOPERS KILL TWO SUPPOSED BANDITS

Detachment of Sixth Cavalry Shoots Men Crossing the Rio Grande

MAYOR CALLS MEETING

Representatives of Towns in Brownsville District Will Gather to Discuss Situation

TO INSIST ON CO-OPERATION

BROWNSVILLE, Tex., Oct. 22.—A detachment of the sixth cavalry late today fired on and killed two supposed Mexican bandits who were crossing the Rio Grande at the San Pedro ranch, 12 miles up the river from Brownsville. Lieut. T. R. Vannatta of Troop L, sixth cavalry, was in command of the detachment.

The supposed bandits were crossing to the Mexican side carrying two packs which were assumed to have contained loot, according to an official report from Lieut. Vannatta. The crossing was attempted at a point which the soldiers located yesterday as an illicit ferry.

The Mexicans were shot as they climbed upon a drift log and paddled into the water. Both fell at the first volley and the bodies were swept away by the stream.

Two Mexicans whom the sheriff is holding as bandit suspects were arrested today near the scene of Monday night's train wreck, robbery and murders.

Mayor Calls Meeting.

Mayor Albert Brown today called a meeting of representatives from the towns in this section to be held tomorrow for the purpose of discussing the border situation with a view to the alleviation of its terrors. Mayor Brown made it plain tonight that no reprisals are contemplated by the proponents of the meeting, but that its members would discuss dispassionately the conditions which have come to be regarded as grave throughout this section of the lower Rio Grande valley.

This meeting has been called as a result of a meeting held yesterday by Brownsville citizens from which emanated telegrams to United States Senator Morris Sheppard and Representative John N. Garner of this district urging upon the federal government the need for a greater measure of co-operation in the fight against outlawry.

Garner En Route to Washington.—Congressman Garner is en route to Washington to present the views of the community to the government that something must be done to stop the raids or serious consequences will result. Mr. Garner telegraphed Mayor Brown today as follows:

"I will urge our government to insist upon the Mexican government's co-operation in reality or we will take matters into our own hands and administer punishment."

At tomorrow's meeting Mayor Brown will urge that a delegation be sent to Austin and Washington to impress upon the authorities the gravity of the situation in the hope that it will be taken up officially with the Carranza government.

Comm. Depredations in Moonlight.

The announcement that the twenty-eighth infantry will leave Dallas tomorrow for the border to strengthen on small patrols in remote sections brought a sense of relief here today. It is noticeable that the depredations of bandits for the past two months have been committed mostly in the moonlight. Monday night's wreck took place in full light of the moon, as did the fight at Ojo de Argua and the fight at Los Indios a month ago. It was reported at Mission today that Luis de la Rosa, the alleged leader of the border bandits, was seen yesterday on the streets of Reynosa, Mexico.

NEW ORLEANS MAYOR ADDRESSES REAL-ESTATE EXCHANGE BOARD

ST. LOUIS, Oct. 22.—"River terminals" was the principal theme of Mayor Behrman of New Orleans in an address before the executive board of the National Real Estate exchange which held its quarterly meeting here today.

Mayor Behrman said the construction of river terminals by cities along the Mississippi river would do more to bring them commercial supremacy than any other one thing. He said New Orleans municipal bonds for river terminals were selling at a premium.

PLACE OFFICIAL ACTIONS BEFORE TRIAL JURY.

New York, Oct. 22.—Official actions taken by the directors of the New York, New Haven & Hartford road, in pursuance of their alleged conspiracy to control the transportation traffic of New England were placed before the jury at the trial of the eleven New Haven directors today. These were revealed in minutes of the directors' meetings and various letters, which Charles S. Mollen, a witness for the government, identified.

Points to Room for Improvement in Indian Service

Lake Mohonk Conference on the Indian Cities Condi- tion of the Utes

THANK COMMISSIONER

MOHONK LAKE, Oct. 22.—That there is room for improvement in the government Indian service was pointed out in a platform which cited the condition of the Utes, adopted here tonight at the closing session of the Lake Mohonk conference on the Indian and other dependent peoples.

People Live in Squalor.—The platform says, "holds property for this tribe amounting to an average of about \$5,000 for every member of the tribe and yet these people live in squalor and in moral and spiritual barbarism."

The undertaking of the government give them an irrigation system at a cost of \$864,000 was so hampered by selfish legislation as to threaten the loss of their water rights unless the prompt and hopeful action of the commissioner shall be pursued persistently to the end."

The platform thanked Indian Commissioner Sells for his successful efforts to stop the sale of intoxicants and the use of the Mescal bean on the reservations.

As the first step toward bettering the condition of the Indian the conference urged the government to define just what an Indian is and his legal status so that the tribes may be protected from those who profess Indian relationship in order to share in tribal funds, land and other rights.

The platform urged that the affairs of Philippine Islands be administered without partisanship.

Recommend Full Citizenship.

In answer to an appeal by Governor Yager of Porto Rico and several other officers of the Porto Rican administration who delivered addresses here the conference recommended the immediate grant of full American citizenship to the people of that island.

The platform recommended further that a careful study be made of methods to improve the standard of living of the masses of the people and to relieve the increasing congestion of population, which speakers from Porto Rico said was threatening the lower classes with slow starvation.

MARAUDERS START FOUR FIRES IN HOP RANCH NEAR SACRAMENTO

Fire Fighters Find Wires Cut and Pumps Out of Commission and Are Threatened With Death When Seeking Aid.

Sacramento, Cal., Oct. 22.—Marauders, continuing a campaign of arson across two states, started four fires early today in a hop ranch across the American river from here and did damage estimated \$35,000. Fire fighters found telephone wires cut and pumps out of commission. They were threatened with death when seeking aid. The hop kilns and picking plant were destroyed.

The ranch is one of several owned by the firm of Horst brothers. One of the brothers, known as Baron von Horst, is in custody in England where he is arrested as a German spy.

Officials here charged tonight that industrial workers of the World started the fires, pursuing a campaign to get two of their number out of San Quentin prison, where they are serving life sentences for murder in connection with hop riots at Wheatland in 1913.

MISSIONARY FROM TURKEY SPEAKS AT LAYMEN'S MEETING

DETROIT, Mich., Oct. 22.—The presence of a vestige of Armenian race "after what it has endured through centuries of oppression, is one of the miracles of history," declared Dr. James P. McNaughton, a missionary from Turkey in an address here today at the National Laymen's Missionary convention. Dr. McNaughton was imprisoned by Turkish officials shortly after the Ottoman empire became involved in the present war, but later was released. He spoke before the conference on "Turkey in War Times" and had praise for the Turk as well as Armenian.

STATE PROBATION OFFICERS MEET IN DANVILLE AND ELECT

DANVILLE, Ill., Oct. 22.—Reforms in practically every phase of probation work in Illinois was urged today by delegates to the state probation officers' association meeting being held in connection with the annual Illinois State Conference of Charities.

Officers elected:
President—Joseph L. Moss, Chicago.
Vice-president—W. A. Golden, Rock Island.
Secretary—Helen M. Jewell, Chicago.
Treasurer—John C. McShannon, Chicago.

URGES MILLION DOLLAR CAMPAIGN

George H. Jones Speaks Before American Iron and Steel Institute

GARY MAKES ADDRESS

Chicagoan Urges Co-operation Among the Various Steel Manufacturers

GARY ADVOCATES PUBLICITY

CLEVELAND, O., Oct. 22.—A million dollar advertising campaign, stimulating a demand for steel products and opening new selling fields was urged today as a cure for business depressions by George H. Jones, of Chicago, before the American Iron and Steel institute in session here.

His address and that of Judge Elbert H. Gary, chairman of the board of directors of the United States Steel corporation and president of the institute who spoke on "Publicity in business methods," were well received by the steel manufacturers present.

Behooves Men to "Get Together."

Mr. Jones urged co-operation among the various steel manufacturers declaring that the day when competition was the life of trade had passed and that it now behooved men in the same line of business to "get together."

"There is no industry that is so lacking in progressiveness in the most modern method of stimulating trade as the steel business," he said. "More money is spent in advertising tooth paste in this country than in advertising steel products. Steel men can pave the way to make depressions less severe by stimulating a demand for steel products."

"The badge of sanity today is the ability to cooperate. Competition may have been the life of trade once but it is no longer. Competition became suicidal when the inventive genius of America devised machines that would manufacture beyond present economic wants."

Steel Industry Prosperous.

Judge Gary declared he did not agree with statements that this country may expect a prolonged continuance of the great prosperity now experienced. He said he believed, however, that American industries would recover more quickly from the effects of the war than those of any other nation. He characterized the steel industry at present as very prosperous.

"The public and corporations have known too little of each other in the past for the good of both," he said. "Publicity has never done so much harm as secrecy. The corporation with a disposition to publish whatever facts were proper to be known has, without many exceptions, been treated justly."

ANNOUNCEMENT OF ARMY PLANS AWAITS WORD FROM PRESIDENT

Wilson Has Not Concluded His Conferences With Congressional Leaders on the Subject.

Washington, Oct. 22.—Formal announcement of army plans in the national defense program to be laid before congress by the admission this winter awaits word from President Wilson that he has concluded his conferences with congressional leaders on the subject.

While the president has approved the plan which calls for building up an army of more than 1,200,000 in six years, he has not yet had an opportunity to discuss it with all those members of the house and senate whose views he wishes to obtain.

It was learned tonight that although it has been determined to establish harbor defenses on both the Atlantic and Pacific, armed with 16-inch guns, final designs for these have not been completed.

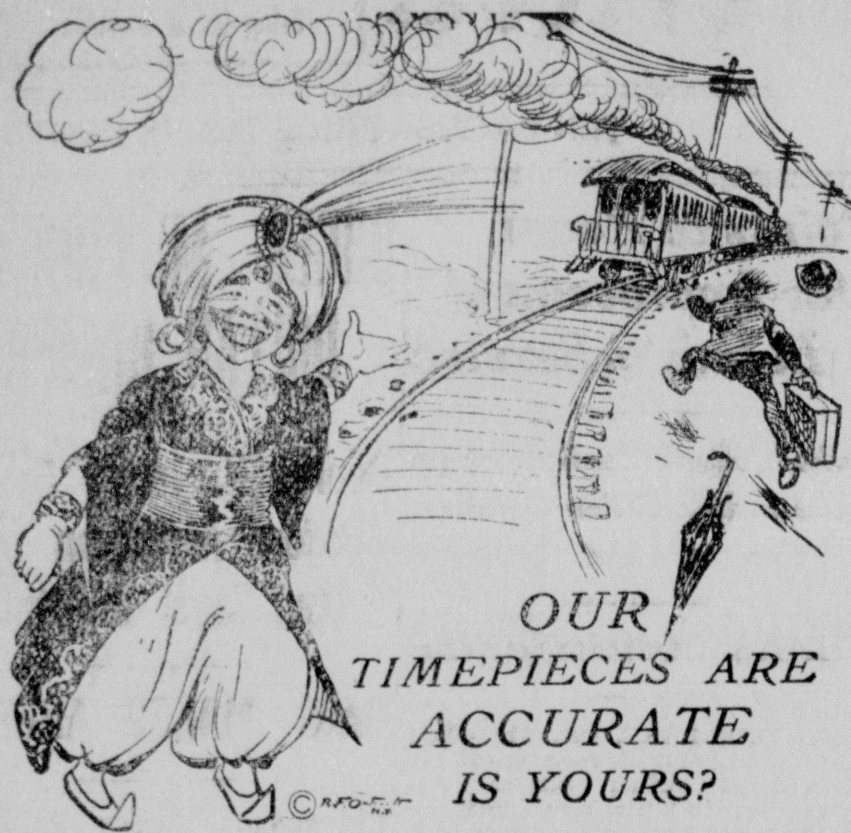

Army ordnance experts say the 16-inch gun in no sense represents the biggest weapon that can be designed. If ships are built that can withstand the blow of a 16-inch projectile, it merely is a question of a bigger gun. For that reason the new coast defense guns will be designed only as they are authorized so as to include latest ideas.

After the Big Convention.
Notwithstanding the statement made in the dispatches several months ago that a majority of at least one of the national committees had agreed upon Chicago as the convention city, St. Louis business men have perfected an organization and will seek to raise a fund of \$100,000 by December 1st for the purpose of securing the conventions for St. Louis. The organization is to be known as the National Conventions association and the purpose is to secure the co-operation of various business organizations in the southwest and to raise the large sum of money already indicated. The St. Louis men believe that if they can succeed the money will be well spent and that the great throngs which would visit St. Louis would pour in enough money to justify the expenditure and at the same time a vast amount of good advertising could be secured for St. Louis. Notwithstanding this organization, it is not to be supposed that Chicago business men will go to sleep on the job and fail to raise a large sum for convention entertainment in that "big city."

Knowing When to Quit.

The resignation of Mrs. Ella Flagg Young as superintendent of the Chicago schools will be a distinct loss to the school system there. Mrs. Young has been identified with the Chicago schools for a long period and has done a great deal for the advancement of educational work there and in meeting the varied problems which such a cosmopolitan population as that of the great city presents. The resignation is a further indication of Mrs. Young's strength and ability. She seems to recognize that because of dissensions in the board that possibly her best work has been done for the schools and that the desired results cannot come with a superintendent supported only by a part of the board. She has indicated that her resignation would have been given before but that she did not wish to retire at a time when a deficit faced the board. It is one thing to hold an important position successfully and another to know when to quit. Evidently Mrs. Young knows both.

Economic Crisis May Come.

It is said that in Germany there is considerable fear of an economic crisis when the war is over. This is anticipated partially because factories, especially those where munitions are made, are running at full force with exceptionally high scales of wages. Many classes of men who went to war were taken by those younger and less experienced and in many instances by women. Economists figure that when the war closes and industrial affairs get to a normal basis that many of the old employees will want to return to positions they held before the war, that young men will be unwilling to surrender the positions they have, and that many of the women now employed will, because of the death of husbands or sons in the war, be without means of support if denied their present work.

In addition to the facts, there must come a much lower scale of wages and the question is whether the workers will be satisfied with the reduced price. From a distant viewpoint one would think that the great losses would serve to more than offset the new army of industrial workers, but no doubt there is the added fact that the great lessening of population has meant also a reduced consumption of manufactured articles, and thus with all these phases under consideration, the problem is complex.

Possibly the fear which disturbs German economists is just what effect the war is going to have on Germany's foreign trade and how much of it can be secured again from countries that since the war have become acquainted with mercantile offerings other than those of Germany. In the view of many people the real basis of the war is a struggle for commercial supremacy, and whether or not this be true, the question of commerce is very closely linked with the war and commerce considerations will have much to do with the final settlement.

The "America First" Plan.

A campaign with three slogans, "America First," "The English Language First" and "Efficiency" has been launched under the direction of the National Americanization Committee, composed of prominent American men and women. Among the workers of the committee are persons of widely separated environments, such as Mary Antin, Thomas A. Edison, Mrs. Vincent Astor, Cardinal Gibbons, John Mitchell, Jacob H. Schiff, and Gen. Leonard Wood. The object of the big campaign, which will be spread broadcast over the United States is summarized in the phrase "international preparedness." The propaganda aimed at is not only for war, but for peace, and the committee aims to promote the process of welding the immigrants who

have come or will come from all over Europe into a more solid American citizenship.

One of the principal aims of the committee is to improve the labor situation, to promote the conservation of labor supply and prevent labor wars, also to bring to workmen who are performing the labor of the country the realization that they are important parts of the American government schemes, with duties, privileges and responsibilities.

Citizens' training camps are one means by which the committee hopes to forward its work; training camps where native Americans and foreign-born Americans work together for a common ideal. Robert Bacon, one of the leaders in the Plattsburg camp and an advocate of the new citizen movement declares that the flag tent is a great Americanizing institution.

Some of the other methods which are to be used in the campaign are night schools, posters urging the American First ideal, which are to be put up in conspicuous places, committees to encourage newly naturalized citizens and help them to gain a patriotic interest in their new country, and slips to be put in the pay envelopes of workmen.

SOCIAL EVENTS

Give Party to Friends.

Miss Frances Waddell gave a party to a number of her little friends Friday at the home of her parents, Mr. and Mrs. F. J. Waddell, 2 Duncan Place. At 6 o'clock a dinner was served and the time till 9 o'clock was spent in dancing.

Miss Gr'ethel Moses

Is Hostess to Friends.

Miss Gr'ethel Moses of 501 North Fayette street was hostess to a party of friends Friday night. The event was a farewell party for her sister-in-law, Mrs. Nell Moses, who expects to depart for Los Angeles, Calif., soon. Twenty five were present and after a big pile of leaves had been raked a bon-fire was enjoyed. Weiners were roasted and marshmallows toasted and several of the party related ghost stories. Later adjournment was taken indoors where games were played and music enjoyed. Winners in the prizes were Misses Mayne Hayden and Irene Hay.

Miss Carlson Hostess At Oyster Supper.

Miss Augusta Carlson entertained at an oyster supper Friday night for employees of the Bell Telephone Co., at her home, 1261 South East street. Miss Esther McCarty won the prize at a peanut hunt and Miss Beulah Dyer was winner in a geographical contest, based on the missing names of states. Plenty of delicious oyster soup and ample side dishes put the finishing touches on a pleasant social evening. The guests were Misses Stella McCarty, Carrie Henderson, Beulah Dyer, Esther McCarty, Elva Shores, Jennie Duncan, Emma Topping, Elizabeth Curtis, Rose Robin and Lillie Vasconcellos. After the party, a treat was taken to the night operators at the Bell office.

Miscellaneous Rush

For Miss Vivian Smith.

Miss Anna Pike gave a miscellaneous rush at her home, 809 Doolin avenue Friday afternoon in honor of Miss Violet Vivian Smith, who is soon to wed Mr. Roy Godrick. A number of intimate friends of the bride to be were guests and they showered her with an abundance of beautiful and useful gifts. A web had been arranged in a corner of the room and the gifts attached to ends of cords. The drawing of the various cords created much merriment. The Pike home was prettily decorated, the color scheme being pink and green.

Those present were: Misses Nell Kinney, Eva Vasconcellos, Nina Wright, Dorothy Branner, Mrs. Harold Strawn, Ethel Paulk, Georgianna Bacon, Mrs. Clarence Large, Pearl Smith, Rose Edward, Edna Hall, Lillian White, Ethel Whitney, Lottie Cierhan, Ruth Tiff, Thomasina Cierhan, Mary Anderson, Jeanette Vieira, Mrs. William Day, Ethel Mann, Grace Ferguson, Mrs. Weir Branner, Mrs. Harvey Burns, Minnie Pike and Ina Freer.

Observed Sixty-fourth Anniversary of Lodge

Members of Rebekah lodge No. 13, observed their 64th anniversary last night at their hall on East State street. There was a large attendance of members and the meeting was one of the best held in the history of the organization. An informal program was given as follows:

Song—"Blessed Be The Tie That
Binds"—Lodge.

Reading—Frances Alkire.
Vocal solo—Miss Flossie Kellogg.
Memories—J. W. Bowen.

Reading—Miss Helen Harney.
Vocal solo—Miss Fernie Haigh.

After the program an oyster supper was served and the remainder of the evening was spent in a social way. The program committee was Otis Erney, chairman; Misses Veda Colby and Edith Carson. The refreshments committee consisted of Mrs. Walter Brown, Mrs. Florence Swales, Mrs. Joseph Pine, Mrs. Mayne Berry, Misses Mabel Berry, Nina Mahoney and Messrs. Otis Erney, Walter Brown and Robert Lucas.

EBENEZER OYSTER SUPPER.

Attendance Friday night at the Ebenezer church oyster supper was very good and members of the Ladies' Aid society consider the event a success beyond the ordinary. Mrs. C. S. Black is president of the society and she with Mrs. C. W. Martin, Mrs. A. W. Waltman and Mrs. A. E. Williamson composed the committee in charge.

FRANKLIN HAS BIG INSTITUTE SHOWING

EXHIBITS ARE EXTENSIVE IN
ALL DEPARTMENTS.

Six Schools Enter For Special Prizes
—Practical Themes Discussed By
Speakers—Heirlooms Add Interest
to the General Exhibits—Prizes
Are Awarded.

The annual farmers' institute at Franklin began Friday and the program will continue through today, with exercises both morning and afternoon. Friday morning the exhibits were placed in Olinger's hall and the work of judging commenced at noon and was not finished until about 4 o'clock when the hall was opened to visitors. There were so many entries of fruits, grains, vegetables, cookery and fancy work that the whole looked more like the show department of a county fair than it did like a precept institute exhibit. There are six schools with special exhibits—Durbin, Clayton Point, Appalonia, Crystal, College Grove and College Center.

The program took place at the Christian church and began in the afternoon at 2 o'clock with the singing of America, which was followed by the invocation. Charles Roberts, president of the Franklin institute, made the address of welcome and presided during the afternoon. Miss Vella Oxley sang two songs acceptably, "The Woodpecker" and "A Perfect Day." Ralph Allen, of Delavan, was then introduced to discuss "Silos and Silage."

The Silo Way.

Mr. Allen followed the same general line that he presented in his Murrayville address Friday. He has been a successful livestock reeder and has used silage for years on his farm in the northern part of the state. He believes that there is still good money in cattle feeding if one handles the business in the proper way, and recognizes the changes which have taken place in recent years in this industry. Mr. Allen considers that there is a real shortage of cattle in this country and that the general outlook for cattle feeding is better now than has been true for some time in the past. He gave figures based upon his own experience as to the feeding value of an acre of corn cut into silage and an acre fed simply as corn and fodder.

Miss Maude Van Winkle, who attended the state fair domestic science school, read a report of the work there which the audience found very interesting. Miss Van Winkle's report made it clear that a great deal of practical and valuable work is done in this department of the state fair. The report is printed elsewhere in this issue.

The Care of the Home.

Mrs. John C. Hessler, who has spent several days in the county, gave an address on "Making a Beautiful Home." Mrs. Hessler has made a specialty of this particular branch of home economics and her suggestions Friday were found to be very practical. In every address on this theme Mrs. Hessler lays stress upon the fact that a home must be more than beautiful to meet its real requirements, and further that the requirements and needs vary greatly with individual families.

At the evening meeting the program began with a musical selection by the Franklin orchestra, after which a recitation was given by Dwight Wells. Dr. E. B. Rogers, of Springfield, made an address on "The Object of an Education—Not a Living, But a Life."

What Education Means.

In his address Dr. Rogers pointed out that the great purpose of an education is not to fit one for money making but to so broaden the character and lift the ideals that the individual will be benefited and society as a whole benefited. The education which teaches only that knowledge is to be acquired for the benefit of the individual is a selfish and narrow education, and the young man or young woman who leaves school and starts out into a busy life without a realization of the debt that is owed to society and to the world at large, has not received in the school days any true conception of what an education means.

In Early Days.

Mrs. Hessler's theme in the evening was "Pioneering in Illinois." The question was handled in such a way as to correlate the addresses previously made. Mrs. Hessler referred particularly to the homes of the pioneers, the clothes that the people wore, the diet and furnishings of the homes, and brought to memory also the school life of the earlier days. These things were mentioned with the end in view of comparing earlier conditions with those of the present day, indicating the changes which have come with the years, which mean not only increased advantages and opportunities but also greater responsibilities for the people of the present. The speaker declared that while the pioneers did not have all the home comforts that we have now, that for them life was very tolerable and the surroundings tended toward the cultivation of some characteristics which it would be greatly to the advantage of the people of the present day to give more attention to.

Judging Exhibits.

In the exhibits Harold Joy, of Chapin, served as judge of corn, and Mr. Hart made the awards on potatoes and apples. For the fancy work Miss Fanny Smith, of Jacksonville, was the judge, and for the culinary department Mrs. Hughes, of Waverly, acted in like capacity. The committee in charge of the fancy work consisted of Mrs. J. M. Elder and Miss Mary Wright, and the committee in charge of the culinary exhibit included Mrs. Oyer Wright and Mrs. J. Williamson.

VICE-CONSUL OF PORTUGAL HEARD AT NORTHMINSTER CHURCH

Hon. Jose De P. Soares of Chicago Tells of Conditions in Native Country—Says Portugal Has Entered Upon a New Career.

At Northminster church community rooms last evening a very pleasant event took place in the visit of Hon. Jose De P. Soares, vice consul and acting consul of Portugal at Chicago.

There is a consul at Boston, one at New York and one at San Francisco and these consulates have supervision of the coast states and Mr. Soares has the remainder of the territory to look after. He is a pleasant, cultivated gentleman whom it is a great pleasure to meet.

Owing to an unfortunate wreck on the Washash the gentleman failed to reach the city at 5:13 p. m. as anticipated and instead it was nearly nine when he entered the church.

E. M. Vasconcellos presided and introduced the gentleman who spoke for a time in his native language which not many understood. He then offered to answer any questions propounded him and that in English and in response to a number of inquiries by the Journal representative the gentleman said substantially regarding his country.

Many years ago there was enacted a law forbidding the presence in the country of any religious order and no one was permitted to appear in public in anything but a regular citizen's garb. Under the republic this law was enforced so that Jesuits and nuns have been obliged to leave the country. Absolute religious liberty prevails throughout the republic and while the Roman Catholic religion is the principal one of the land there are also many Protestant organizations and they are fully protected and all of any belief are permitted to worship according to the dictates of their consciences and church and state are absolutely divorced from each other.

The people in general are well pleased with the present state of affairs and general tranquility prevails throughout the land. It has been said that there is a strong undercurrent in favor of restoring the king and royal government but that is a mistake as it does not exist but instead the people desire the present government to continue. They have had a taste of liberty and they don't mean to forego it. It is wholly unlikely that Portugal will ever see a monarchy again as liberty has been found too satisfactory and the people will not give it up once they have enjoyed its benefits.

Much attention is paid to education and the people are beginning to realize its benefits and are trying more and more to have the rising generations enlightened and prepared for the duties of citizenship.

Although a heavy debt was bequeathed the republic careful and honest management are decreasing it and in time it is the hope that it will wholly disappear. The country is reasonably prosperous and is growing more so. It is affected by the great war just as many other lands are. Many articles made there now have little market while on the other hand all factories which turn out anything the armies of Europe can use are busy day and night.

Portugal is essentially a place, where the people rule. Once in four years a parliament or congress is elected and that body elects a president who has simply advisory powers. He may recommend legislation and may urge it but that is all he can do. He cannot pass a bill nor veto one but has to sign all measures passed by parliament.

Civil judges are appointed and gradually are promoted as able to fulfill the duties of the office to which they aspire.

In general things in the islands are decidedly looking up and growing better and while we are losing some of the things which are dependent on other nations for a market, on the whole the factories which supply any kind of army equipment are kept going night and day. In short Portugal has entered on a new career and is a new land today and given a chance she will come up all right and take her place with other nations.

During the evening Misses Anna Day and Inez Pires favored the gathering with some superior piano music and at the close of the formal program nice refreshments were served and a general social time enjoyed during which the distinguished visitor made many acquaintances. Mr. Soares will be here today and will doubtless meet many of his countrymen or their descendants.

MATRIMONIAL

Nortrup-Meier.

Louis Nortrup and Miss Alvina Meier, both of the vicinity of Bluffs, were united in marriage Thursday, October the twenty first at 12:30 p. m. at the parsonage of the Salem Lutheran church. The pastor, Rev. J. G. Kuppler spoke the words which made them man and wife, the ring ceremony being used.

The groom is a son of Mr. and Mrs. Dietrick Nortrup, Sr. He is an industrious and upright young man and has recently erected a cottage on his father's farm, two miles east of Bluffs, where he and his bride will reside.

The bride is a daughter of Mr. and Mrs. Henry Meier who reside two miles southeast of Bluffs. She is a charming young lady fitted by training and education to be a true helpmate to her husband. The young couple will have the best wishes of a large circle of friends.

FUNERALS

Kirby.

The funeral of Mrs. Fannie Kirby was held at 10:30 o'clock Friday morning from the Providence church in charge of Rev. J. W. Ketola of Rushville, a former pastor of the church and Rev. Mr. Wilbur Keenen. The church choir furnished music and the flowers were cared for by Misses Irene Cox, Dollie Oxley, Elsie Crouch and Bess Crouch.

Burial was made in the Providence cemetery and the bearers were: William Oxley, George Oxley, John Rawlings, George Jolly, Thomas Smith, Sylvester Seymour. Among those present from away to attend the funeral were Edward Walkington, Mr. and Mrs. Scribner of Virden, Mrs. Edward Harrison, Mrs. Turner and Mr. and Mrs. Johnson of Waverly.

GIVES ABLE PROGRAM OF FRENCH MUSICAL NUMBERS

Madame Hackley Pleases Good Sized Audience at Mt. Emory Baptist Church Friday Night.

The first number of an artists series of four, under auspices of the Baptist Brotherhood of Mt. Emory church, was held at the church Friday evening before a well pleased audience. Madame E. Azalia Hackley, the performer, has spent a considerable time in France and her program of songs, reading and demonstrations, proved an interesting throughout and artistic in every detail. All but four of Madame Hackley's numbers were from the French. She gave three negro airs and an old English ballad, closing with a march tune as the audience went to the church parlors for refreshments.

Madame Hackley gave a short talk on life in France towards the close of the program. There is no color line in France, she said, though people there have a very erroneous impression of American negro life.

GREENE-BROWN NUPTIALS

AT DECATUR WERE BRILLIANT

Bride Niece of E. W. Brown, of This City. Miss Anna Brown Bridesmaid.

Charming simplicity marked the wedding of Miss Rebecca Alice Brown, daughter of Dr. and Mrs. E. J. Brown, to Arthur Ritchie Greene, of Naperville. The ceremony was said at the Brown home in Decatur Thursday evening at 8:15 o'clock. The following is from the Decatur Herald:

"As soon as the guests were assembled the orchestra softly played the Mendelssohn wedding march and the bridegroom with his best man stepped from among the guests and took their places before the wonderfully artistic bower of pink satin shaded lights and autumn leaves where the ceremony was performed.

To the far away strains of the music the others of the wedding party came slowly down the stairs. Little Jack and Anson Brown dressed in white, bore the ribbons, followed by Dr. Penhalligon and by the four bridesmaids, Miss Elizabeth Culver, Miss Marian Greene, Miss Adele Murphy and Miss Anna Brown. In the faintest of pink tulle gowns, effective little fan shaped headresses of pink tulle and pearls and carrying Killarney roses, they took their places on either side of the bower. Mrs. Dean Waddell, the matron of honor, in a charming creation of green tulle, carrying Killarney roses, followed and after her came the bride on her father's arm.

In a lovely gown of white tulle over white satin, trimmed in silver embroidery and silver beads, with her tulle veil caught on either side with orange blossoms, and carrying a shower bouquet of white roses and lilies of the valley, the bride made a beautiful picture as she took her place, in the pink glow of the setting for the ceremony. Rev. Mr. Penhalligon spoke the simple words of the service after which the couple received the congratulations of the guests where they stood.

Pink roses, autumn leaves, and white chrysanthemums were everywhere in the handsome rooms of the Brown home. The pink and green color scheme was continued throughout. The bride's table in the dining porch was exquisite with its huge basket of pink roses tied with pink tulle, its pink candles and the shower of pink satin ribbons and rosebuds hanging from the center lights above the table.

A lovely wedding supper was served with the cakes and ices in the pink and green colors. Mrs. Rolla C. McMillen and Mrs. Rollin D. Wood poured coffee in the dining room. During the supper the guests were given packages of paper ribbon of all the pastel shades which were thrown across the rooms, catching on the lights and on wires stretched in the dining porch, making a whole net work of bright festoons, which enhanced the charming scene.

In the receiving line of the reception that took place before the ceremony were Dr. and Mrs. Brown, Mrs. Spencer Greene, Mr. and Mrs. Edward Brown, Jacksonville, Hibbard Greene, of Cleveland, O., a brother of the bridegroom, and William Greene, of Aurora.

Other out-of-town guests were Mr. and Mrs. Frederick Brown, of Chicago, and their daughter, Mary Lois Brown, Mrs. T. A. Grier and Clark Grier, of Peoria, Frank Jack, of Peoria, Dean Waddell, of Greenfield, O., Dr. and Mrs. Sanger Brown, of Chicago, Mrs. Frank Habig, of St. Louis and Mr. and Mrs. Danforth Franks, of Peoria.

The bridegroom's gift to his bride was a barpin of square cut sapphires surrounded by pearls, while the bride's gift to the bridegroom was a gold ring with a flat stone of lapis, in which his initials were cut in gold. Mrs. Greene's gift to her bridesmaids were gold hat-pins.

MORTUARY

Wilson.

After an illness of over two years, Mrs. D. D. Wilson passed away at her home in Virginia, Thursday at 12:10 o'clock. A little over two years ago she suffered a stroke of paralysis and about thirteen months ago she was again attacked by the same disease which left her practically helpless.

Martha E. Taylor was born in this city Jan. 25, 1845, and died at her home in Virginia Thursday, Oct. 21, 1915, aged 68 years, 8 months and 20 days. She resided here when she and D. D. Wilson were married and 39 years ago they moved to Cass county. She has been a member of the Christian church for the past sixty years, and in former years was a very earnest worker for the church. She has been a member of the Virginia W. C. T. U. and also belonged to other church societies. She leaves to mourn her loss, the husband, three daughters, Mrs. William Elliott, Misses Ella and Mabel Wilson, all of Virginia, and one son, Herbert, of Denver. Four brothers also survive, namely, William, George and Martin Taylor, all of Jacksonville, and Anderson Taylor, of Kansas City.

Funeral services will be held this afternoon at 2:30 o'clock, from the Church of Christ, Rev. C. E. French officiating. Interment will be in Walnut Ridge cemetery.

GOOD WEATHER IN DAKOTA.

W. H. Galloway of this county, who moved to Dakota some time ago, has written the Journal that conditions are very satisfactory where he is located this year. Crops have been good and the weather fine for farm work. Mr. Galloway says that nearly all threshing has been done and farmers are now busy with plowing. This is true of a number of Morgan county citizens who have moved to Dakota in the last two or three years.

of Motherhood

There is apt to be a latent apprehension of distress to mar the complete joy of expectation. But this is quite overcome by the advice of so many women to use "Mother's Friend." This is an external application designed to so lubricate the muscles and to thus so relieve the pressure reacting on the nerves, that the natural strain upon the cords and ligaments is not accompanied by those severe pains said to cause nausea, morning sickness and many local distresses. This splendid embrocation is known to a multitude of mothers.

They have used it during the period when they could realize the value of timely and helpful advice. That is why they recommend it.

Many people believe that those remedies which have stood the test of time, that have been put to every trial under the varying conditions of age, weight, general health, etc., may be safely relied upon. And judging by the fact that "Mother's Friend" has been in continual use since our grandmother's earlier years and is known throughout the United States it may be easily inferred that it is something that women talk about and gladly recommend to prospective mothers.

"Mother's Friend" is prepared only in our own laboratory and is sold by druggists everywhere. Ask for a bottle today and write for a special book for expectant mothers. Address: Randolph Regulator Co., 507 Lamar Bldg., Atlanta, Ga.

It should be remembered that what is said of "Mother's Friend" is the thought expressed by the thousands of women who have successfully used it and recommended it through two generations.

URGES PREPARATION FOR
COMMERCIAL INVASIONFAIRBANKS ADDRESSES LOUIS-
VILLE POLITICAL MEETING.Former Vice-President States That
After the War Only One Rich
Neutral Market in the World Will
Present Itself—It Being America.

Louisville, Ky., Oct. 22.—Warning that the United States should prepare for "a commercial invasion" as well as for a military invasion was voiced by Charles Warren Fairbanks, former vice president, in an address delivered at a political meeting here tonight.

"The present prosperity of certain industries based upon war orders is inherently temporary," he said. "Within the period of the next administration, our own national life and the markets of the world are going to be profoundly affected by the great conflict now raging abroad. We must meet that with a constructive pro-American program which consists of: First, the restoration of the protective tariff; second, adequate preparedness for national defenses; third, the restoration of the American flag to the ocean; fourth, organization to market our ware in the world markets.

"We must not only have our own ships, we must establish ample banking facilities at strategic points in both hemispheres so as to effect credits more and more through our own agencies and to extend credits. We must send young men to the different countries to learn the language of the people, to learn their wants, whims and prejudices. If we are to win new trade, we must do business as others desire rather than to try and force upon them our method.

After the war, Mr. Fairbanks said, only one rich market in the world will present itself—America.

"To our shores will roll a tide of commercial invasion which will be paralyzing under a free trade or a tariff revenue only policy," he said. "We are even more unprepared to resist commercial than military invasion. The weapon of cheapness, wielded by our impoverished commercial rivals will be irresistible.

"Military invasion is remotely possible; commercial invasion is deadly certain. We believe in adequate military preparedness, but to prepare for uncertainties and not for certainties seems inconsistent. We are horrified by the distresses arising from war, but are they to be more dreaded than the despair and hunger that arises from industrial panic?"

LAY CORNERSTONE FOR
MACCABEE BUILDING

The state of Michigan had an event of importance yesterday when the cornerstone of the home office building of the Woman's Benefit association of the Macabees was laid at Port Huron, Mich. The mayor declared a portion of the day a holiday and Port Huron citizens opened their doors to visitors from all over the state, and many from other parts of the country.

Miss West, the supreme commander of the association, was organizer of this society and celebrated its 23rd anniversary by breaking the ground for this fine new building, which, when completed, will be the only woman's building of its kind in the world. It will be concentrated the work of 55 states and provinces and of 186,000 members. The society is the largest in the world exclusively for women and is growing rapidly.

This year, state hospital service benefit have been given needy members throughout the entire territory of the association and last illness and burial benefits and sick benefits for wage earners were added to the already fine classes of protection offered to insurable women.

Every member in the jurisdiction is rejoicing over the progress of this work and local Macabees hope to be able to take advantage of a prize offer next year which will give them a trip to the mecca of Macabees—Port Huron. Jacksonville review located here held a special meeting in honor of the event.

ATTENDED FUNERAL

"CASCARETS" BEST IF
HEADACHY, BILIOUS,
SICK, CONSTIPATEDBest For Liver and Bowels, Bad
Breath, Bad Colds, Sour
Stomach.

Get a 10-cent box.
Sick headache, biliousness, coated tongue, head and nose clogged up with a cold—always trace this to torpid liver; delayed, retarding food in the bowels or sour, gassy stomach.

Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache.

Cascarets immediately cleanse the stomach, remove the sour, undigested food and foul gasses, take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels.

A Cascaret tonight will surely straighten you out by morning. They work while you sleep—a 10-cent box from your druggist means your head clear, stomach sweet and your liver and bowels regular for months.

WILL STORE GREAT SUPPLY
OF FINE COAL UNDER WATERNew Kentucky Coal Co. Acquires Old
Quarry Near Kankakee For This
Purpose.

It has remained for the New Kentucky Coal Company, of Chicago, to develop a branch of the business which promised to bring considerable relief to mine operators. With the system of marketing coal now employed it almost invariably happens that at certain seasons of the year there is an excess of fine coal or screenings, which makes that class of coal a drug on the market, while at other seasons of the year the scarcity is such that screenings sell for a higher figure than they are really worth. The New Kentucky Coal Company operates a number of mines and with the end in view of taking care of their own surplus screenings and also for the purpose of buying and storing surplus from other mines, the company has recently leased an old quarry site near Kankakee.

This quarry has a storage capacity of 300,000 tons and as it of course had rock bottom and sides, no construction work will be necessary. The coal will be dumped into chutes which will carry it to various parts of the quarry and the whole amount of coal stored will be covered with water. This serves not only to keep the fine coal from firing, which would be the trouble if it were placed in great piles on the surface of the ground, but also will act as a preservative and keep in the gases which also escape to a large extent when the fine coal is piled in other ways. To load the coal, machinery will be installed which will make it possible to pump from the quarry into coal cars. The quarry is located along the Illinois Central and a switch which was used in other days is already in position and will only need some repair work.

The milling in transit freight regulation will apply to this project, so that coal can be shipped from the southern field of Illinois, that is, Williamson and Franklin counties, to this quarry storage plant at Kankakee and later re-loaded and hauled to Chicago. The total rate would be the same from the mine Chicago as would have been the case had there been no interrupted shipment. The only additional freight cost will be a switching charge of \$2 to \$3 a car. The officers of the company, who are known to a number of Jacksonville dealers, are confident that they have started a business which will prove profitable to them and of service also to some of their competitors. When screenings are scarce and the price is high they will be in a position to make regular shipments into the Chicago market.

PRACTICAL WORK DONE BY
DOMESTIC SCIENCE SCHOOLReport Presented by Miss Maude Van
Winkle at the Franklin Institute.

At the Franklin Farmers' Institute Friday, Miss Maude Van Winkle presented a very interesting report of the State Fair Domestic Science school. It was as follows.

The 17th annual session of the Girls' State Fair school of Domestic Science opened Thursday, Sept. 9th, 1915, at Woman's Building, with an enrollment of 110 representing the 102 counties of Illinois.

The idea of the State Fair School of Domestic Science, the only school of its kind in the United States originated in the mind of L. H. Coleman of Springfield, who was an officer of the Farmers' Institute of Sangamon county and was deeply interested in the work and wanted the state to be doing something for its women and girls, and thought of the Fair school. A committee of three were appointed to plan some work in the state to be held in connection with the Fair. The committee went before the Board of Agriculture and asked for \$200 to be used in 1917.

The board could not give the amount and the Chicago Record-Herald became interested and sent a woman, Miss Sikes, who had charge of the first year's work and the school was held upstairs in the east side of the Dome building. The next year the Board of Agriculture appropriated \$200 and Mrs. S. T. Rorer was employed as instructor. The third year the first Woman's Building was erected at a cost of \$10,000 given by the Board of Agriculture. The building stood where the Dairy building now stands. School was held in this building in 1919 and 1920 with Mrs. Rorer as instructor.

There were 20 girls in attendance, in 1899 and 34 in 1900. The building burned in 1901 just after the school opened and the girls had to return to their homes. There was no school in 1902.

In 1903 the Forty-third Assembly appropriated \$25,000 or as much thereof as might be necessary, to be used in addition to the \$20,000 insurance from the first building for the construction, equipment and furnishing of a Woman's Building on the State Fair grounds. School was held in this new building in 1903 with Mrs. Rorer as instructor. In 1904, Miss Belding, Supervisor of Household Science in the Philadelphia schools was the instructor. In 1905 Mrs. Nellie Kedzie Jones of Auburndale, Wisconsin, was employed and has been with the school for 10 years.

This year, 1915, with Mrs. Jones as instructor, Miss Percival of the University of Illinois had charge of the baking. Mrs. J. Y. Shamel of Gibson City as instructor in Hygiene and Sanitation and in charge of the dormitory work. Miss Waddell of Princeton superintending the dining room.

Miss Grace Roberts of Princeton, assisted Mrs. Jones and Miss Percival. Mrs. Winsler of Princeton, Mrs. Grace Viall Gray of Chicago and Miss Laura Gontemmar of Edwardsville were the board of managers and Miss Gontemmar being the secretary.

The length of the school term is two weeks, beginning on Thursday of the week before the fair, and closing on Thursday of Fair week.

The purpose of school is the training of young women in the better methods of cooking, housekeeping, sanitation, etc., and thereby assisting them to become better home makers and above all, to teach them that there is no more honorable calling for women than they may carry these teachings home with them and be of influence in bettering conditions in the community from which they came.

The girls are divided into five groups of about twenty five girls for service, namely: Preparing meals, dish wiping, dining room work, baking and dormitory. Each group chooses captains from their number, whose duty is to see that the members of her group are on duty and perform their individual work.

We had three lectures each day. Mrs. J. Y. Shamel, the nurse, who lectured on health, hygiene and sanitation, at 9 a. m. with 15 minutes of physical culture exercises out of doors. This was with the Indian clubs had been given. Mrs. Jones lectured on food subjects with demonstration at 10 a. m. and 2 p. m. each day.

One of the most interesting and instructive lectures given by Mrs. Jones was on meats. She had a local butcher bring a quarter of beef and cut it up before the class showing the different cuts, naming the price and nutritive value of each cut.

On Monday and Tuesday of Fair week Professor George E. Farwell of the United States Department of Agriculture at Washington, gave a demonstration of the cold pack process of canning vegetables and fruits. He gave an illustrated lecture in the evening on the canning club work, the corn club and pig club work, which is being carried on in the different states. On Tuesday afternoon the Macon county canning club put on a canning demonstration, they were five girls ranging in age from 10 to 16 years, with their leader and teacher, they canned fruit and vegetables, telling the spectators all about it as they worked. They were to much interested in their work to be embarrassed and they did it so well that many an older woman will go home and do better canning as a result of watching the girls work.

Evening entertainments were gotten up by the members of the school in the way of musical and literary programs. Several evenings were given over to theatre parties for those who cared to attend.

On Thursday afternoon of the first week the girls were taken on a sight-seeing trip over the city, visiting Illa-

coln's home, the State House and the Governor's Mansion where Miss Dunne very cordially received the girls. The Supreme Court building and Arsenal were also visited. The girls attended church in Springfield at the Arsenal on the first Sunday, where they heard Bishop McDowell.

One afternoon the teachers and school walked out to Oak Ridge cemetery and visited the Lincoln monument, on the way back we stopped in Washington park and enjoyed a picnic supper which the girls of the school had prepared and sent ahead.

The second Sunday the girls went in a body to the Grand Amphitheatre where a Sacred Concert was given by the Illinois Watch Factory band.

On the first Saturday evening of Fair week the Woman's Board and girls of the Domestic Science school gave a reception to the commission, and boys of the Agricultural school and members of the Board of Agriculture.

An interesting program was prepared for this occasion, refreshments were served and an enjoyable social hour followed.

The Governors' Luncheon was prepared and served by the girls on Thursday at noon, serving more than a hundred guests. Each pupil is examined on entering the school as to her previous opportunities and knowledge of domestic science and examined at the close of the term, on the work done during the session.

Through the courtesy of the State Farmers' Institute, scholarships to the Household Science Department of the State University are given to the three making the highest grades who are graduates from accredited high

schools or their equivalent, and gold and silver medals to the two making the highest grades not eligible to scholarships.

Diplomas are given to all who creditably complete the two weeks course. Morgan county sent three girls to the school this year. Miss Minnie Scott of Jacksonville, Miss Hattie Scott of Franklin and myself. I wish that every girl in the State of Illinois might sometime attend the Girls' State Fair school and receive the valuable instruction given and also the benefits derived from meeting with girls from all parts of the state and the social and enjoyable features combined, made it a profitable two weeks.

AN IOWA TOURIST PARTY.

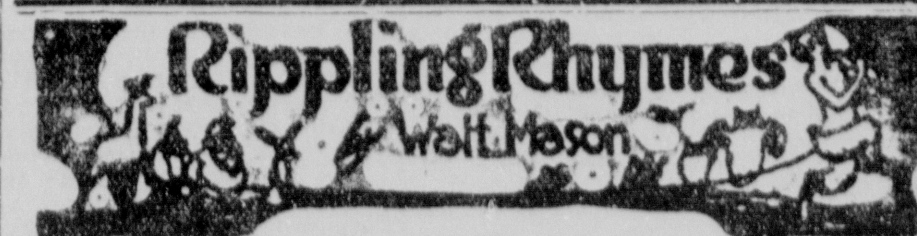

Yesterday morning Mr. and Mrs. George Klindt and daughter and Mr. and Mrs. H. Bremer arrived in the city from Davenport, Iowa, in their Pierce-Arrow car on their way to St. Louis. They seemed much pleased with Jacksonville and had heard much of Illinois college and thought it must have been founded long before 1820.

Securing a local guide they made a tour of the city going around Passavant hospital, the Catholic Parochial school, the Catholic church and Rount college, Our Savior's hospital, the Woman's college and plant, the State School for the Deaf, Illinois College, the Central hospital for the insane and Nichols park. They expressed themselves greatly pleased with all they saw and were especially loud in their praises of Nichols park which they said surpassed anything of the kind they had seen anywhere in a place less than one of the large cities.

YOUR OWN TOWN.

I sing in the gloaming a dirge that is weird, while sparrows are combing the chaff from my beard. The theme of my ditty is tinhorn and snide—I'm roasting the city wherein I abide. Because I would slumber while others sawed wood, I am a back number, I haven't made good. An object of pity, I stand by the pump, and swear that the city has gone to the dump. 'Tis dead and decaying, a man has no show, I always am saying, as sadly I go, to scout for a handout from some kitchen wench; for I am a fanned-out—I'm back on the bench. But here in this city, which sees my distress, the chaps who are gritty have made a success. They say it's a daisy, a town full of vim, but men who are lazy can't get in the swim. Life's trodden me under until I am lame, and sometimes I wonder if I am to blame. If follows less witty, less gifted than I, can thrive in this city, and fatten on pie, then why am I busted and down at the heel, and asking disgusted hired girls for a meal? The answer has terror and awe in my sight—that I am the error; the town is all right!

MANY UPSETS LIKELY IN EASTERN CONTEST

NOT ONE OF BIG TEAMS CERTAIN OF VICTORY.

Harvard, Princeton, Yale, Cornell, Dartmouth, Pennsylvania and the Army are all called upon to meet opponents capable of giving them battle far beyond the usual practice standard.

New York, Oct. 22.—The football eleven of the leading eastern colleges and universities tomorrow will face one of the most dangerous stages of the season's play. Not one of the big teams will enter the week-end contests certain of victory. Harvard, Princeton, Yale, Cornell, Dartmouth, Pennsylvania and the Army are all called upon to meet opponents capable of giving them battle far beyond the usual practice standard. As a result of this spectacular situation, interest in the outcome of these games is keen since the possibility for upsets and the making of football history exists in every one of the principal matches.

Cornell goes to Harvard for the eleventh game between the two universities since 1890 and the Ithaca team has an excellent chance to break the long string of defeats that has been its portion since the initial contest with the crimson. The present Cornell eleven is one of the best in the history of football at Ithaca, having weight, strength, speed and sufficient veteran material to steady the combination in the face of the hardest opposition Harvard can offer.

While the offensive strength of Cornell has been sufficiently demonstrated in the games to date, the defensive ability of the red and white against a powerful attack is still an unknown quantity. In facing the Crimson, the Ithaca eleven is going against a combination stronger than any heretofore met.

Harvard has rounded into form slowly this season. The Haughton coaching system, however, is capable of achieving remarkable results and it may be the Cambridge eleven will rise superior to the test. The battle between Dartmouth and Princeton a year ago was thrilling and there is reason to expect another great football struggle when the teams meet tomorrow.

The Tigers' victory over Georgetown, Rutgers, Syracuse, and Lafayette Stamp the Nasau eleven as one of the best of the year.

While the full measure of Dartmouth's strength has not been tested this fall, although some line on the ability of the green can be gathered from the fact that the all-over eleven defeated the Massachusetts aggies by a larger score than Harvard was able to run up against the same combination.

Washington and Jefferson defeated Yale a year ago 13 to 7 and returns to New Haven this season, hoping to duplicate the feat. Yale is stronger than her 1914 team, however, while Washington and Jefferson lost several of her best players by graduation last spring.

Pennsylvania will meet a team exceedingly proficient in aerial football when the Quakers line up against Pittsburgh.

Glenn Warner found a fast, heavy squad when he moved from Carlisle to Pittsburgh and he has made the most of his opportunity. His charges have run up 124 points against Westminister, navy and the Carlisle Indians in the three games to date by the use of a clever combination of old and new football offensive methods.

Pennsylvania will have to be ever on the alert against this attack and develop a more powerful scoring game than she has shown up to this to hold the Pittsburgh eleven in check.

Followers of the United States academy teams will watch with unusual interest the outcome of the Army-Georgetown game.

Aside from the loss of the Princeton match the Washington collegians have played a winning football game where the cadets have won only one of the three games played since the season opened.

The navy plays Virginia Poly and is not expected to be as hard pressed as the army, for the middies have been rounding into form rapidly of late.

The day also will be notable for the return of the Columbia University to the football arena after ten years. Columbia opens its 1915 schedule with a contest against St. Lawrence university.

The principal games to be played in the east tomorrow are as follows:

Cornell at Harvard.
Dartmouth at Princeton.
Pittsburgh at Pennsylvania.
Washington and Jefferson at Yale.
Georgetown at Army.
Virginia P. I. at Navy.
Syracuse at Brown.
Wesleyan at Amherst.
Colgate at Rensselaer P. I.
Albright at Lafayette.
West Virginia Wesleyan at Pennsylvania State.
Vermont at Springfield T. S.
Stevens at Union.
Trinity at Williams.
St. Lawrence at Columbia.
Hobart at Hamilton.
Hulchenberg at Lehigh.

NOTRE DAME MEETS NEBRASKA AT LINCOLN

INDIANANS ARE REPORTED TO OUTWEIGH NEBRASKANS.

Clash Between Michigan and the Michigan Aggies Likely to Attract Much Attention—Wisconsin Ohio State Games Tops Conference Contests in Interest.

Chicago, Oct. 22.—Though four games in which "Big Nine" teams will participate are on tomorrow's football program, two contests outside the conference are likely to attract much attention in the central states. These are the clash between Nebraska and Notre Dame and the annual meeting of Michigan and the Michigan aggies.

Topping the other conference games in interest is the Wisconsin-Ohio state game. The schedule includes the following:

At Chicago: Purdue vs. Chicago.

At Madison: Ohio State vs. Wisconsin.

At Minneapolis: Iowa vs. Minnesota.

At Champaign: Northwestern vs. Illinois.

At Lincoln: Notre Dame vs. Nebraska.

At Ann Arbor: Michigan Aggies vs. Michigan.

At Ames: Missouri vs. Ames.

At Manhattan: Kansas vs. Kansas Aggies.

At Port Smith: Oklahoma A. & M. vs. Arkansas.

At Dallas: Oklahoma vs. Texas.

At Des Moines: Simpson vs. Drake.

At Omaha: Haskell Indians vs. Creighton.

At St. Louis: DePaul vs. St. Louis.

At St. Louis: Drury vs. Washington.

At Cleveland: Oberlin vs. Case.

At Akron: Western Reserve vs. Akron.

At Cincinnati: Denison vs. Cincinnati.

At Crawfordsville: Franklin vs. Wabash.

At Lake Forest: Lawrence vs. Lake Forest.

Reported to outweigh the Nebraska eleven by nearly ten pounds to the man, Notre Dame has one distinct advantage over the Corn Huskers. This advantage may be offset by the speed of the Lincoln team and the fact that Coach Steinhilber has had a squad of veterans to work on.

Coach Harper's men have not had a difficult schedule so far this season. In their toughest game they trimmed the Haskell Indians by a score practically equal to that of Illinois, showing that they possess a first rate scoring combination. In a harder series, however, Nebraska has won by decisive scores and critics here are inclined to make Steinhilber's men the favorites.

Pessimistic stories have come from East Lansing and Ann Arbor on the degree of readiness for the battle at the later city tomorrow. A broken ankle suffered in practice by half back McClellan and a twisted one by Quarter Back Heubel have damaged the aggie's chances. This news was offset to some extent by information that Captain Blake Miller probably will take part in the game after all. Poor interference and a weak line are complaints from Michigan. Besides, it is pointed out, the contest tomorrow is perhaps the most important on the aggie's schedule while on Michigan's it marks only the beginning of hard games, with Cornell, Syracuse and Pennsylvania still to be met.

Ohio State, whose tie game with Illinois was the feature of last Saturday's games, will send its full strength against Wisconsin, according to reports from Columbus, which during the week were optimistic, especially in the news that Dick Boese, full back, would be able to play. The game should furnish some comparison between Wisconsin and Illinois.

Disaster in the form of Captain Lorin Solon's disqualification has overtaken the Minnesota eleven. Coach Williams had built a strong offense about the star, who has been rated by authorities as one of the best players at end and fullback in the country. With him out of the game, Iowa's chances are considered much brighter.

From material not any too good, Coach Andy Smith and a corps of assistants have rounded out a strong defensive eleven at Purdue. It took Wisconsin's team a comparatively long time to solve the boiler maker's defense and Chicago's concerted attack must be stronger tomorrow than it has been so far, according to critics if the Maroons would equal the Badgers' score of last week. The Illinois looks for little trouble with Northwestern, despite the obvious improvement of Coach Murphy's men over last year. It is probable that Clark and Pogue, missing last Saturday will be in the line-up for Illinois.

GRANTS PERMISSION TO INTERVENE
Chicago, Oct. 21.—Permission to intervene in the suit of four brewing companies against the Chicago, Rock Island and Pacific railway company to compel the railroad to deliver liquors to agents of consignees in Iowa from the station of the railroad in Rock Island, Ill., was granted to the state of Iowa by Judge Carpenter in the United States district court today. An order was entered making the state, through its attorney general, C. A. Robbins, a party to the suit.

GROUND IS BROKEN FOR NEW WAVERLY HIGH SCHOOL

Champaign Contractor Will Push Work on New Township Building—Other Waverly News.

Ground was broken Wednesday morning for the new township high school building, which is to be located on the Miller site. English Bros. of Champaign have the contract and will push the work as rapidly as possible. A large force of men have been put to work.

The high school football team defeated the boys from Winchester last Saturday to the tune of 45 to 6. The game was played on Waverly's field. Saturday of this week the home team will go to Virden, and according to their motto, are planning to "Hang it on Virden." A large crowd of Waverly rooters will accompany them.

A crowded house greeted the performers in the "Singin' Skule Begimment" at the Congregational church Tuesday evening. A large sum of money was realized. The entertainment was counted a success.

Mr. and Mrs. H. I. DeTurk and Henry Plum and family autotied to Springfield Thursday.

A. C. Moffet left Thursday evening for a trip to Larned, Kas., to visit his brother, A. H. Moffet.

The Morgan county Sunday school convention was held Thursday and Friday. A good number of delegates attended. Splendid audiences attended the sessions, and the enthusiasm is great.

Mrs. N. J. Hughes was one of the judges of the home cooking department of the Farmers' Institute in Franklin Friday and Saturday.

Miss Stella Leigh of Springfield is visiting this week with Miss Carrie Root.

Carter Bros. made a trip to Kansas City this week to buy cattle.

Austin-White.
Miss Odella White and Mr. Edgar Austin sprung a surprise on their many friends when they were quietly married Tuesday evening at 7:30, at the home of the bride, Rev. F. E. Smith, pastor of the First M. E. church, officiating.

Mr. and Mrs. Austin left the same evening, going to the country home of the groom, where they expect to reside.

The bride is the daughter of Mrs. Leona Jasper. She is a member of the First M. E. church and received her education in the Waverly schools, being a graduate of the high school. The groom is the son of Mr. and Mrs. C. A. Austin of near Waverly, and is a young man who has earned the respect and esteem of a wide circle of friends.

Neal.
Mrs. Elizabeth Neal passed away at the home of her daughter, Mrs. R. H. Hall in Waverly, Thursday morning, October 21, having attained the age of 77 years, 11 months and 11 days.

Her maiden name was Rankin. She was born in Tazewell, County, Ill., November 10, 1837. She was converted in girlhood and united with the Methodist Episcopal church. On October 28, 1858 she was married to Dr. J. W. Neal, who practiced medicine in Waverly with Doctors Brown and Metcalf during the years 1856 and 1857. To this union was given seven children, three of whom are living: G. W. Neal of Joplin, Mo.; J. W. Neal of Jacksonville and Mrs. R. H. Hall of this city. Dr. Neal served his country in the Civil war, and died September 20, 1894.

In 1887 Mrs. Neal was baptized into the fellowship of the Conway Springs Baptist church in Kansas. She united with the Waverly Baptist church by letter in 1905.

Twenty six years ago Mrs. Neal suffered an attack of la grippe, and has been afflicted ever since. During all her illness Mrs. Neal has been a patient, sweet spirited woman, a true Christian, and though deprived of many opportunities to attend public worship, has dearly loved her church. A truly good woman has gone, but for her to live was Christ and to die, great gain.

Funeral services were held Friday afternoon at the residence of R. H. Hall, Rev. Fred R. Johnson, pastor of the Baptist church, officiating. The remains were taken to Joplin, Mo., for interment.

PROBATE COURT.

WILL BUILD NEW ELEVATOR.

Farmers South of Virginia Will Have New Elevator on C. P. & St. L.

E. F. Jokisch and other landowners southeast of Virginia have arranged with the C. P. St. L. Railroad company to build a track on the Jokisch land, which joins the railroad and W. C. Hofstetter is to build a grain elevator, with a capacity of about ten thousand bushels. Work is now in progress on the railroad track and will begin soon on the elevator, which it is expected will be ready in time for the new corn crop.

MAN-A-LIVE!

Do you know that C. N. Priest, The Ford Man, is expecting another shipment of Ford cars, either today or Monday, and that in this shipment is included 4 touring 2 runabouts and 2 chassis. If you are contemplating buying any of these, we will give you a friendly tip—"Get Busy," for they will not last long.

A PROSPEROUS FARMER.

One of the prosperous farmers of Scott county is Jesse Gillham, brother of W. W. Gillham, so well known in this city. Mr. Gillham has a charming family consisting of a wife and two promising children and all visited the city yesterday and did considerable trading and also met a number of friends. Their home is not far from Riggs town and there they are pleasantly and comfortably located. Their friends are always glad to see them.

AUTOMOBILE HITS EMBANKMENT

Friday afternoon Wheeler and Sorrells received a telephone message to go out on the state road and pull in an automobile. The car was of the Ford pattern and was driven by H. W. Garber, of the Emerson Brannigan company of Peoria, dealers in farm implements. In endeavoring to make a turn the driver evidently lost control of the car and plunged into the embankment. Both front wheels were torn off and the wind shield broken. The driver was cut somewhat by glass but not seriously, receiving a circular wound on his left knee. He was brought to the city by W. H. Cleary and was given surgical attention by Dr. F. A. Norris. The accident occurred near the Frank Orear farm on the state road.

HONORS TO MR. REEVE.

Mr. and Mrs. J. J. Reeve and Mr. and Mrs. J. F. Claus have returned from Springfield where they attended the state meeting of the Knights of Pythias. The next state gathering is to be in Decatur at which time Mr. Reeve will be installed as grand chancellor of the state. This is the second time this honor has come to Jacksonville, the first being when the late Judge Charles A. Barnes held the position with honor to himself and the order which he represented.

J. F. Claus also held an important position, a membership on the committee on credentials.

MRS. F. N. LATHROP DIED FRIDAY MORNING IN WINCHESTER

Deceased Had Spent Nearly All of
Useful Life in Scott County—Fun-
eral Will be Held Sunday.

Mrs. F. N. Lathrop died Friday morning at 6 o'clock at her home in Winchester. For several years past Mrs. Lathrop's health had been failing, for weeks her condition had been critical and the end came not unexpectedly. Her maiden name was Emma Louise Cheseldine and she was the daughter of James and Emily Cheseldine and had spent practically all of her life in Winchester.

In her younger days Mrs. Lathrop attended Monticello seminary and a few years ago she was for a time a resident of Chicago, but other than that her entire life was spent at the old home. When a mere girl she became a member of the Baptist church and through all the years was unceasing in her devotion to the various interests of the church. She took an active part in the various church departments and it was her pleasure as long as health and strength were given her to do much for the cause in which she so earnestly believed.

Earnestness characterized her whole life and in the desire to serve her family, her friends and her church she made for herself a large place in the affection and regard of many. Mrs. Lathrop lived faithfully and no higher encomium can be given to human life. Mr. Lathrop's death occurred in 1909 and Mrs. Lathrop has been survived by one son, J. C. Lathrop, who during his mother's long illness has been untiring in his devotion. The end came at the Cheseldine House, the old family home in Winchester. The deceased is also survived by one sister, Mrs. J. H. White of this city. Another sister, Mrs. Martha Collins, died last summer in Chicago, and a brother, James Kirtland, passed away a number of years ago.

The funeral will be held at the home in Winchester at 2:30 o'clock Sunday afternoon. Mrs. White, Miss Laura White and Miss Anna Brown have gone to Winchester to attend the funeral.

HON. A. P. GROUT CALLED BY DEATH

PASSED AWAY SUDDENLY LAST
NIGHT OF APOPLEXY.

Prominent Resident of Winchester
Succumbed to Stroke After Fifteen
Minutes' Illness. Was Widely
Known As a Lecturer For the Ill-
inois Farmers' Institute.

Hon. A. P. Grout, a prominent citizen of Winchester, died suddenly last night at 9 o'clock of apoplexy. The stroke came on him at 8:45 and he passed away fifteen minutes later. His death came as a great shock to his family and friends. Some two or three months ago Mr. Grout was riding in a buggy when an automobile ran into his rig. He was thrown out and sustained several fractures, and for sometime was confined to his home. It was only recently that he had gotten back to his former health. All day Friday he appeared in the best of health and transacted his business as usual. The stroke of apoplexy came on him very suddenly as he was seated in his own home. A physician was hurried to his residence but nothing could be done for him.

Mr. Grout was born in Morristown, Vermont, and had been a resident of Manchester since 1870. He married in 1882, Miss Percie Carpenter, the only daughter of J. B. Carpenter, who survives him, also a son, Joseph, who resides at Quincy and is in the employ of Armour & Co. He also leaves a sister, residing in Vermont. Mr. Grout was widely known throughout the state as an authority on stock raising and farm products. On his large land holdings in Scott county he began the raising of alfalfa and became an authority on its production. For a number of years he was president of the Illinois Farmers' Institute and had visited all parts of the state, giving lectures on alfalfa and grain raising.

Mr. Grout was a graduate of Dartmouth college and when he first came to Winchester he was superintendent of schools and later took up the practice of law. He abandoned his profession for that of farming and his farm is known widely for the manner in which it was handled.

Mr. Grout was a member of the Masonic lodge and had taken his 32nd degree. For a number of years he was master of the lodge of Winchester. Mr. Grout was a business associate in the Neat, Condit and Grout bank of Winchester, and a former trustee of the University of Illinois. At one time he was connected with the First National bank of White Hall and was interested in other business enterprises of White Hall, but of late years had severed his connections with these institutions. He was also a director of the Illinois Telephone company at the time of his death.

Funeral arrangements will be announced later.

RETURNS FROM NEW YORK.
Charles Cruse has just returned from a stay of three weeks in the east. During a sojourn in New York City he had the fortune to inspect the German ship "Waterland" interned for a number of months in New York harbor. Mr. Cruse expressed surprise at the amount of anti-German feeling shown by many New York employers, who refuse to hire Germans.

LOSES FINGER IN SAUSAGE MILL
Erbin Goveia residing near Lynnvill had his right hand caught in a sausage mill Friday morning and the forefinger was so badly crushed that amputation was necessary. Mr. Goveia was wearing gloves and attempted to adjust the machine while it was in operation. The gears caught the glove and the hand was drawn into the machine before it could be stopped. He was immediately brought to this city in an automobile and given surgical attention.

AT BIRTHDAY OBSERVANCE.
Mrs. F. C. Noyes was in Seaton, Ill., Friday to attend the birthday celebration of her only living aunt, Mrs. Lafferty. Mrs. Lafferty is 88 years old.

The Age of Youth

This is the Age of Youth. Men of all ages are living in closer relationship. You hear very little of old fashioned ideas. Fathers are thinking as their sons; they are playing the same games—they are DRESSING more alike.

That is why Society Brand Clothes are so popular now. They show a dignified conservative touch of YOUTHFULNESS. They make men look as young as they OUGHT to look today. They make men of 40 look 35 instead of 45, as was usual. Fads and extremes are abhorred. Yet Society Brand Models lead in exclusiveness. They are widely copied—but no other makers seem able to get their incomparable effects.

These clothes are too slowly and too carefully made—the output is too limited to sell to every store in a city. So there is never more than one merchant in a town who can offer these designs. But that merchant is carefully selected.
